

This survey is anonymous, informal, and for informational purposes only. It will not affect your grade or the remainder of this course.

### Background

1. How often had you used R *prior* to taking this course (circle one)?

had never heard of it      never      infrequently      a few times      frequently

2. To which of the following markup languages had you been exposed *prior* to taking this course (circle all that apply)?

HTML      CSS      XML      L<sup>A</sup>T<sub>E</sub>X      Wikipedia (editing)

### R Markdown

Please indicate the response that most closely matches your attitude towards each of the following statements.

1. I find the R Markdown syntax to be simple and understandable.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

2. When my Markdown document does not compile, I know how to go about fixing it.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

3. I am frequently frustrated by R Markdown when doing my homework.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

4. I am frequently frustrated by R when doing my homework.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

5. R Markdown makes my homework easier to read and understand.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

6. I would rather copy and paste my results (plots, tables, and numbers) into a word processing program (e.g. Word).

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

7. I resent being forced to use R Markdown. It should be my choice how I prepare my homework.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

8. I found R Markdown to be frustrating at first, but now I've got the hang of it.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

9. R Markdown makes it easier for me to complete my homework.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

10. R Markdown makes it more difficult for me to complete my homework.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

11. I wish I had received a more thorough introduction to the logic and features of R Markdown.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

**In class labs**

1. I find doing the labs with my classmates, in class, to be helpful in learning R.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

2. I would find it more helpful if you went over the labs in more details on the projector, rather than letting us work on them.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

3. I use the code and examples from lab to complete the homework.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

**Datacamp**

1. I've used Datacamp before this class.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

2. I've used Datacamp this semester.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

3. I've used Datacamp and found it to be helpful.

no opinion      strongly disagree      disagree      indifferent      agree      strongly agree

**Open Feedback**

What about the course has been working so far? What would like to see more/less of?
