FROM CLASSROOM TO CONFERENCE ROOM:

THE NUTS AND BOLTS OF A
DATA SCIENCE CAREER

Emily Dodwell (Smith `11) a Senior Inventive Scientist in the Data Science and AI Research organization at AT&T Labs, will provide suggestions for pursuing a career in data science, informed by lessons she learned along the way. She will highlight steps that undergraduate students can take to build a professional network, tips to evaluate and apply for data science jobs, and considerations to translate coursework to an industry environment. She will also introduce a current project at AT&T Labs to demonstrate a data science workflow and the importance of ongoing professional development in the field.

Monday September 24, 12:10-1:10 pm Ford Hall 240.

Pizza lunch will be served. Sponsored by Smith College SDS program
